

MAJOR INDUSTRIAL ACCIDENTS

GENERAL SAFETY INSTRUCTIONS IN CASE OF AN ACCIDENT

Fire, explosion, toxic cloud

YOU RECEIVE AN ALERT

on your mobile phone via the **FR-Alert system**. Follow and adhere to the instructions provided.

Signal d'alerte

YOU HEAR THE SIREN

A rising and falling sound repeated **three times**, lasting **1 minute and 41 seconds** each, separated by a short silence.

WHAT YOU MUST DO

Quickly get into the most permanent building nearby. Don't stay outdoors or in a vehicle.

Close doors and windows. Stay away from it. Turn off the vents.

Listen to local radio or regional. Respect the instructions of the authorities.

WHAT YOU MUSTN'T DO

Picking up your children at school, so as not to expose them.

Smoking, making no flame nor spark.

Call to release the lines for rescue.

Wait for instructions from the authorities or the end-of-alert signal before going outside.

End of alert Signal

YOU HEAR THE END OF THE ALERT

30-second continuous sound
